# BANGKOK ANTI-AGING CENTER

**FACILITY'S NAME:** Bangkok Anti-Aging Center

**OVERVIEW / INTRODUCTION:**

Bangkok Anti-Aging Center is an integrative medical center that complements the modern lifestyle of health-concerned individuals. We emphasize the implementation of holistic medicine, which focuses on investigating the root cause of disease rather than merely treating the symptoms. Our treatment protocol prioritizes the simultaneous revitalization and rejuvenation of every organ system. This can be done through stimulation and reconstruction of our bio-molecular building blocks at the cellular level.

**LANGUAGE SUPPORT:**

Chinese and English

**SERVICE:**

- ✓ Anti-Aging Clinic
- ✓ Cell Therapy Clinic

**SIGNATURE OR UNIQUE PRODUCTS & SERVICES:**

- Anti-Aging treatment program: treatments available in this program are primarily intravenous injection of nutrients which benefit the body in a number of ways.

# LELUX HOSPITAL

**FACILITY'S NAME:** Lelux hospital

## OVERVIEW / INTRODUCTION:

Lelux Hospital was formerly a clinic known as "Suay Ngam Clinic," founded in 2002. Back in the day, Suay Ngam Clinic was renowned among those interested in plastic surgery under the concept, "Beauty can be achieved economically." Our hospital offers an operating room with standards equivalent to those of universal hospitals; this is because the safety of patients is our first priority. The facilities include lifesaving equipment, a sterile operating room with an air filter system called "Hepa Filter," and a high level of sterilization for the equipment and instruments.
